

Use of Spares – League Nights 2021-2022 Season

1. Teams are required to use the list of spares when looking for a replacement. Members are to be the first ones called and will be marked with an “M”. Once members have been exhausted on the list, teams can call anyone else on the spare list. If that is exhausted teams may call anyone of their choosing.
2. Spares will curl in the lead position in Open League, and either lead or second in Mixed keeping in mind that the mixed league must alternate male/female.

Approved by Ice Match: December 7,2021

Skips have the following responsibilities:

Ensure the game is played in accordance with rules of curling while exhibiting good sportsmanship. Be ready to start the game on time and encourage teammates to be ready to ensure the game is completed within the allotted time. Contact the opposing skip if your team cannot make a game. Contact the Club if your team cannot make a game. Ensure fees for spares are paid before the game starts. Ensure all team members know and adhere to basic curling etiquette:

- Start and end each game with a fist bump/good curling.
- Be ready to start games on time and to deliver your stone.
- Keep the ice clean.
- After delivering the stone, move immediately to the side between the hog lines unless you are the skip.
- Sweepers should stay on the sidelines between the hog lines when not sweeping.
- Be courteous. Don't distract your opponent when they are in the hack by moving around behind them or sliding by them when they are in the hack ready to throw.
- Only the vice skips are allowed in the house to determine the score. No rocks should be moved until an agreement has been reached.
